SMART PHONE SERVICE & HARDWARE COMMITMENT AGREEMENT

TERMS AND CONDITIONS

THIS AGREEMENT for smart phone service (the Service) is between the party whose name appears at the bottom of the reverse side of this Agreement (the Customer) and the Corporation of the City of Thunder Bay/Telephone Department, hereinafter called TBayTel, 1046 Lithium Drive, Thunder Bay, Ontario.

THIS AGREEMENT shall become effective upon execution by the parties hereto, subject to cancellation by TBayTel upon failure of the Customer to receive credit approval. For the purpose of this Agreement, the Service period shall commence on the date that the assigned cellular number is activated and continue for the term chosen by the subscriber (the "Initial Service Period") and shall automatically renew for successive periods of thirty (30) days thereafter unless bonded by a term period and until the Agreement is terminated either by the customer or TBayTel as herein provided.

1. TBAYTEL SERVICE

1.1 The Service is available to wireless devices equipped for the Service when those units are within range of cell sites located in the Service area served by TBayTel.

1.2 The Customer shall not use the Service for any purpose contrary to law, for annoying any person or in such manner as to interfere unreasonably with the use of the Service by one or more Customers. Without limitation, you may not use (or allow anyone else to use) the Services, our products or your wireless device or equipment to directly or indirectly:

a) invade another person's privacy or collect or store personal data about other users; "stalk" or harass another person or entity; harm minors; unlawfully use, possess, post, upload, transmit, disseminate or otherwise make available obscene, profane or pornographic material; post, upload, transmit, disseminate or otherwise make available content that is unlawful, threatening, abusive, libelous, slanderous, defamatory, deceptive or otherwise offensive or objectionable; unlawfully promote or incite hatred; or post, upload, transmit, disseminate or otherwise make available objectionable information, including, without limitation, any transmissions constituting or encouraging conduct that would constitute a criminal offence, give rise to civil liability or otherwise violate any municipal, provincial, federal or international law, order or regulation;

b) access any computer, software, data or any confidential, copyright-protected or patent-protected material of any other person, without the knowledge and consent of that person, or use any tools designed to facilitate access, such as "packet sniffers" or port scan a person's computer without that person's consent, or use any tools designed to facilitate these scans;

c) upload, post, publish, deface, modify, transmit, reproduce, distribute in any way or otherwise make available information, software or other material protected by copyright or other proprietary or contractual right (such as a non-disclosure agreement) or related derivative works, without obtaining permission of the copyright owner or rightholder;

d) restrict, inhibit or interfere with the ability of any person to access, use or enjoy the Internet, the Services, or any device or equipment used to connect to the Services, or create an unusually large burden on the TBayTel network, including, without limitation, posting, uploading, transmitting or otherwise making available information or software containing a virus, lock, key, bomb, worm, trojan horse or other harmful, limiting, destructive or debilitating feature; distributing mass or unsolicited e-mail ("spam"); or otherwise generating levels of traffic sufficient to impede others' ability to send or retrieve information;

1.3 This Agreement is for provision of Service only. TBayTel shall not be responsible for the supply, installation, operation or the maintenance of the Customer's wireless device. The Customer must ensure that his wireless device is technically and operationally compatible with TBayTel's cellular system and that it complies with the rules and regulations of Industry Canada.

1.4 The Customer agrees to abide by all rules and regulations governing the use of the Service that may be issued or adopted by TBayTel from time to time and furnished to the customer in connection with the provisions of Service.

In addition to our termination rights set out elsewhere in this Agreement, we may suspend or terminate your Services and this Agreement, without notice to you, if you engage in one or more of the above prohibited activities. Additionally, you may be charged for any costs incurred by us or our affiliate(s) in connection with your breach of the terms of this Section, including, without limitation, costs incurred to enforce your compliance with this Section.

2. TELEPHONE NUMBER

2.1 The Customer shall be assigned a cellular number. The Customer shall have no property right in the cellular number assigned to him in connection with the service and TBayTel may change such assigned number at such time or times as TBayTel, in its sole discretion, considers necessary without any liability whatsoever provided that the Customer is provided with reasonable notice in the circumstances.

2.2 Customer acknowledges that the NEW NUMBER ACTIVATION for this purchase represents a new subscription and is NOT a replacement for a number de-activated within the last twelve (12) months. Furthermore, the Customer acknowledges that if this new Agreement for Cellular Service includes a free/subsidized phone offer, the free/subsidized phone only applies if the Customer does not de-activate any currently active TBayTel numbers associated with this company and/or person within the next twelve (12) months from the date of this new Agreement. A recovery charge will be levied against the applicable account in the amount of three-hundred and eighty-five dollars (\$385.00) per new free/subsidized cellular phone offer or six-hundred and thirty dollars (\$630.00) per new free/subsidized data device (i.e. BlackBerry, Treo, Sierra Wireless IX, ...) offer on this Agreement if a de-activation occurs.

2.3 The Customer acknowledges that the assigned cellular number will be displayed to other landline or wireless Call Display/Caller I.D. subscribers where technically possible.

3. RATES AND CHARGES

3.1 The Customer is responsible for the payment to TBayTel of the following charges, such charges to accrue from the commencement of the Initial Service period and during any renewal thereof until termination of this Agreement:

a) Current TBayTel charges for the use of the Service including but not limited to fixed monthly access charges and usage charges; and
b) Message toll charges and other charges incurred by the Customer to make long distance calls; and

e) All charges for optional features and charges for establishment of the Service pursuant to TBayTel's schedule of charges revised from time to time; and
f) Any Service provided under the terms of a term contract shall not qualify for temporary suspension of service reduced rates; and
g) Applicable provincial, local and other taxes which may be levied upon the Service provided or upon the charges payable hereunder.

3.2 All charges are due and payable as specified by TBayTel. Charges will be in accordance with the then current rate schedules as published by TBayTel from time to time. Accounts past due will be subject to TBayTel's then current late payment charge as approved by the Canadian Radio-television & Telecommunications Commission from time to time.

3.3 The Customer acknowledges that TBayTel will invoice the Customer through its billing system for the System Access Fee and 911 Fee. These fees are non-refundable. The Customer further acknowledges that he will pay such charges.

3.4 Unused free airtime during any monthly period cannot be transferred to any other month(s) nor is it refundable.

4. CHANGES IN RATE

4.1 TBayTel reserves the right, without prior notice to the Customer, to change or modify the terms and conditions, rates, charges or any other charges in connection with the Service, as well as with accessing the Service of other telephone companies or telecommunications carriers or in using the Service of other cellular networks with which TBayTel has roaming Agreements.

5. TERMINATION OF SERVICE

5.1 If the Initial Service Period is thirty (30) days, this Agreement may be terminated by the subscriber effective after the Initial Service Period upon thirty (30) days prior written notice. If the Initial Service Period is greater than thirty (30) days, subscriber may terminate this Agreement in its entirety by written notice of termination to TBayTel and by paying to TBayTel the cancellation repayment commitment amount on the reverse side of this agreement, if no amount is indicated then a rate will be selected from our current hardware commitment table for a device similar to the one specified in this application. This amount will be charged per month remaining on the term of this Agreement. The Customer shall remain liable for all charges for Service which has been provided by TBayTel. Notwithstanding the termination hereof, the Customer agrees to pay all charges owing to TBayTel outstanding on the date of termination in accordance with this Agreement.

5.2 In the event of theft, loss or destruction of the wireless device used by the Customer, The Customer agrees to pay for all charges up to the time of notification in writing of such theft, loss or destruction, provided however that such charges shall not be less than the fixed charges and in addition any other liability provided for hereunder, including Hardware Commitment charges, which would have occurred during the Service period. Written notification to be received by a TBayTel Service Representative located at 1046 Lithium Drive.

5.3 If the Customer discontinues service or converts to the service of a different carrier before the end of the contract term (see reverse side), then the customer permits TBayTel to debit the credit card referred to on the reverse, the Hardware Commitment charges.

5.4 Temporary Suspension of Service may result in termination of any applicable promotions and the application of cancellation penalties. Furthermore, the Customer must re-activate on a current rate plan.

5.5 Should it become necessary to commence collection proceedings to collect on this Agreement, the Customer agrees to pay all costs, including reasonable lawyer's fees, for said collection.

5.6 All written notice to be given by the customer shall be made to TBayTel, 1046 Lithium Drive, Thunder Bay, Ontario, P7B 6G3.

6. DEFAULT

6.1 The occurrence or happening of any one or more of the following events shall constitute an event of default.

a) The Customer fails to make any payments due hereunder when due or otherwise upon TBayTel's request whether or not an invoice has been rendered; or
b) The Customer fails to perform or observe any covenant, condition or agreement to be performed or observed by it hereunder; or
c) any representation or warranty made by the Customer herein or in any document or certificate furnished by the Customer in connection herewith or pursuant hereto shall have proven to be incurred at any time in any material respect; or
d) The Customer uses the Service in a manner that adversely affects TBayTel Service to another Customer in any way whatsoever; or
e) The Customer uses the Service for any purpose contrary to law, for annoying any person or in such manner as to interfere unreasonably with the use of the Service by one or more Customers.

6.2 In the event of default, TBayTel may at TBayTel's sole option either terminate this Agreement or suspend the Customer's Service as per the Terms of Service as issued by the Canadian Radio - television & Telecommunications Commission and bill the Customer immediately for all outstanding charges accrued up to the date of such termination or suspension. In all such cases, TBayTel incurs no liability whatsoever. The Customer shall be liable for the costs and expenses incurred by TBayTel by reason of an event of default or the exercise by TBayTel of its remedies in respect thereof and such costs and expenses, including without limitation, legal costs and early termination charge if applicable, shall be due and payable immediately. Furthermore, TBayTel shall be entitled and is hereby authorized to charge any amounts due to TBayTel under this Agreement to any of the Customer's credit cards specified on the reverse hereof.

7. LIMITATION OF LIABILITY

7.1 TBayTel does not warrant all uninterrupted working of the TBayTel Equipment or Service and shall not be liable to any Customer, User or other person for damages resulting from mistakes, omissions, interruptions, delays, errors in transmission, defects in transmission, failure or defects in equipment, coverage, acts of God, fire, explosion, war, riots, strike, lockouts, picketing, boycotts, acts of Government Authorities, causes originating in the facilities or operations of TBayTel or any part of the publicly switched telephone network or from any other cause of any nature or kind whatsoever and whether similar to the specified causes herein stated. The sole compensation or claim is limited to the credit allowance under Section 7.2.

7.2 In the event of a Service interruption, TBayTel shall make a credit allowance, at the Customer's request, in the form of a prorated adjustment to the fixed monthly charges billed to the Customer. The prorated adjustment will be computed by dividing the duration of the Service interruption (measured in 24 -hour days from the time the interruption is reported to TBayTel) by a standard 30-day month and then multiplying that result by the fixed monthly access charge for each interrupted cellular number. A period of time less than 24 hours shall not be credited and an additional period of 12 hours or more shall be considered an additional day. In no case shall the credit exceed the monthly access charge.

7.3 No credit allowance will be given for interruption caused by the Customer's negligence or by the Customer's willful acts or for interruptions caused by failure of the Customer's equipment.

7.4 TBayTel shall not be liable for damages for any accident or injury caused by or to a vehicle, watercraft or aircraft owned or operated by the Customer in which a wireless device or supplementary apparatus provided in conjunction therewith is placed or installed.

7.5 TBayTel undertakes only to transmit a signal for the purpose of activating a signal on the wireless device, and accepts no responsibility for the transmission of further intelligence.

7.6 If requested to do so by the Customer, TBayTel will arrange for a Directory Listing to be placed in the telephone directory by TBayTel in accordance with TBayTel 's tariff. However, TBayTel shall not be liable for damages arising from errors or omissions in any directory listing, information services, or reference of call to another telephone number, or arising from the omission of a listing from a directory and/or information records at the request of the Customer or of any person purporting to act on its behalf. No liability shall attach to TBayTel by reason of the continuation of the Customer's listing in a directory after the termination of its Service.

7.7 The Customer specifically agrees that TBayTel will not be liable for any damages resulting from, or in connection with any interruption, or failure of 911, or any emergency service, or identification of the telephone number associated with any person accessing or attempting to access such emergency services from your phone.
